PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on full-stack experience building and deploying web applications using React, Python, FastAPI, Django REST Framework, and Tailwind CSS. Skilled in REST APIs, JWT authentication, Git, Netlify, Render, and practical AI-assisted workflows.

TECHNICAL SKILLS

Languages
JavaScript (ES6+), Python, C, C++, HTML5, CSS3

Frameworks
React.js, Tailwind CSS, FastAPI, Django, Django REST Framework

Tools & Platforms
Git, GitHub, VS Code, Netlify, Render

Data & AI
MongoDB, SQLite, LLM API integration, RAG pipelines, Agile workflows

SELECTED PROJECTS

01 Library Management System

React • Vite • Tailwind CSS • Django REST Framework • JWT • SQLite

- Built a role-based library management application with separate librarian and student portals, designed around safer everyday library operations.
- Developed REST APIs and relational models for books, authors, categories, students, and loans; added search, inventory, dashboards, borrowing history, JWT refresh, role permissions, transactional lending logic, and 8 Django API tests.

02 Canvas Landing Page

HTML5 • CSS3 • CSS Grid • Flexbox

- Created a responsive learning-focused landing page with a clear hero, feature cards, learning content, process steps, testimonials, and a focused call to action.

03 Calculator Web Application

HTML5 • CSS3 • JavaScript • Responsive UI

- Developed a keyboard-friendly calculator with percentage, sign toggle, decimals, backspace, clear controls, and division-by-zero handling.

04 Internship Matcher - India 2025

Python • Streamlit • scikit-learn • TF-IDF • Collaborative Project

- Co-built with three teammates an explainable internship recommender that ranks Indian opportunities around a student's skills and preferences.

EDUCATION

Shri Vishwakarma Skill University (SVSU) — 2025 - 2029
B.Tech in Computer Science Engineering
Village Dudhola, District Palwal, Haryana 121102, India

Indian Institute of Technology Patna (IIT Patna) — 2025 - 2029
Bachelor of Science in Artificial Intelligence and Cyber Security (Hybrid)
Bihta, Patna, Bihar 801106, India

Government Senior Model Sanskriti Secondary School — 2024 - 2025
Class XII (Science Stream) | 65%
Faridabad, Haryana, India
